

WETA
Wound Education Training Academy

WOUND EDUCATION TRAINING ACADEMY EDUCATIONAL OFFERINGS

WETA'S CERTIFIED WOUND EDUCATION SPECIALISTS

WETA's contracted Certified Specialists provide ongoing wound care training directed around the most current wound care treatments and products. WETA's staff incorporate leading-edge treatment trends in their training, facilitating ever-improving clinical wound care knowledge and expertise.

In-person training includes presentation, handouts, discussion, interactions, questions and answers, and wound care prevention/accountability. Each participant will receive a certificate of completion.

- Identifying wound types/Pressure injury staging
- Treatment/Dressing guide related to specific wound types
- State survey readiness - proper dressing change techniques and avoiding survey tags related to wounds
- Prevention of pressure injuries and other wounds (such as skin tears), as it relates to optimal skin maintenance

***On site group price: \$150/hr**

***Fees do not include the cost of travel for educators**

Package pricing available upon request.

Package can be individualized to facility needs.

WEBINARS

Webinars are live and tailored to the needs of the individual facility/operator. Webinars include a presentation, handouts, and Q&A. Participants receive a certificate of completion.

SEMINARS

In-person training is tailored to the needs of the individual facility/operator. Seminars include a presentation, handouts, and Q&A. Each participant will receive a certificate of completion.

ON-SITE TRAINING
